She stayed till the morning  
Left with her soul intact  
Something was forming  
I asked her if she'd come back

My restless heart  
Beats like a wantan drum  
Tear me apart  
Say, "I'm your only one"

She stayed till the morning  
Left with her soul intact  
Something was forming  
I asked her if she'd come back

My restless heart  
Beats like a wantan drum  
Take this to heart  
Say, "I'm your only one"

Say, "I'm your only one"  
Say, "I'm your only one"  
Say, "I'm your only one"  
Say, "I'm your heart"
