We set off that day shaking all the way,
Would your Mother speak to us again.
Put away your doubt that won't help us out,
Just be sure to call before you ground.
The sun shone, the wind cried, so long, goodbye.
Lay your body down for the here and now,
Just be sure to win before you're out.
How you feeling now living with the crown,

Look at her and say you've been let down.
The sun shone, the wind cried, so long, goodnight.
By the book or by the gun there's fear inside of
everyone.
Turn your head to face the sun and love will keep you
safe.
By the book or by the gun there's fear inside of
everyone.
Turn your head to face the sun and love will keep you
safe.
