"Birthday Girl"

Birthday girl

Lights, Camera, Action
That's when they start acting
I just came to clear my mind oh
Good times

Came out the car feeling like a superstar (superstar)
Check the bar they wanna know who I are
I don't mean, don't mean to be demanding
I just wanna dancing and
Have a good time

Chorus:
Cause I'm a birthday girl
Get my back off the wall
Birthday girl, I'm in here until his last call
Birthday girl, uhh birthday girl
We gonna party till the sunlight
It's my party I get fly I want to
Cry if I want to, I kiss who I want to
