So I sit here thinking, remembering "I love you's"
While I'm taking them all back...
Because these cold January nights, leave me
feeling hollow inside.
I bet you think it's funny now!
So I'm sorry for letting you into my life,
now all that's left is hate.

This world is better without you.
An eye for an eye.
A deserving fate for you.
All of your bitter words and your
lies mean nothing.
They mean nothing anymore.

So I turn to friends for strength,
I still search for understanding.
Search for something right.
Because these 16-hour drives have me
going crazy inside.
My heart dies, I cry.

This world is better without you.
An eye for an eye.
A deserving fate for you.
All of your bitter words and your lies mean nothing,
they mean nothing anymore!

This world is better without you.
An eye for an eye.
A deserving fate for you.
And these bitter words and your lies mean nothing,
they mean nothing anymore!

This world is better without you.
An eye for an eye.
A deserving fate for you.
'cause these bitter words and your lies mean nothing,
they mean nothing anymore.
