can't stop,
I don't want to give it up,
I can feel it in my heart,
I can feel it in my blood,
I can't stop,
She's the engine in my life,
She's the air of my mind,
Don't have wings but I can fly,
Faith in music.

Don't lose faith in music, never stop,
I can feel it in your heart,
I can feel it in your blood.

The music fills my soul,
Like the rain drops fill the river,
Like a bird songs in the world,
It will be in your receiver.

The music in my mind,
When I'm happy and when I cry,
And I am not alone,
Even when my love is gone,
The music is my drug,
She makes my life goes rock,

She is sad as well as cheerful
Like the sound of epic sax.
