Set the night to music  
Set the night to music

Look at all the stars tonight  
Look at all the moonlight  
Look at us we're all alone  
Oh and it's just like a dream  
Some romantic fantasy  
Darling come and hold, hold me close

We could be making love  
And with the slightest touch  
We could set the night to music  
We could set the night to music  
We could do what we want to do  
It'll only take me and you  
To set the night to music

Find a rhythm all our own  
Melt into it nice and slow  
Love ourselves away from here  
Your heart beating next to mine  
Perfect love in perfect time  
Watch the world disappear

This moment is ours to take  
And with the love we make  
We could set the night to music  
We could set the night to music  
We could do what we want to do  
It'll only take me and you  
To set the night to music

Oh, oh, oh, oh, oh, oh, yeah  
Oh, oh, oh, oh, oh, oh, yeah

This moment is ours to take  
And with the love we make  
We could set the night to music  
We could set the night to music  
We could do what we want to do  
It'll only take me and you

To set the night, set the night  
Set the night to music  
Set the night to music

We could set the night to music  
We could set the night to music  
We could set the night to music
