A diamond sun cuts down
A frozen winter sky
As the world and I go screaming
Into the phantom night

Doesn't matter where it leads
I got nowhere left to go
If there's any chance at all
It's somewhere down this road

To be wild again, no one's child again
Yeah, I wanna see those eyes in the mirror
Full of fire again, oh, to be wild again

The fading light is cold
On the shoulders of the trees
Oh, the star wind blows right through me
And I never felt so free

Oh, there had to be a crossroad
A place to draw the line
And it came down to the question
Is this life I'm livin' mine?

I had to be wild again, no one's child again
I wanna live every minute so hard that I wear it thin
I wanna find the edge, risk it all to win
I wanna see those eyes in the mirror full of fire again
I wanna be wild again, wild again

There has to be a crossroad
A place to draw the line
And it comes down to the question
What is theirs and what is mine?

Wild again, no one's child again
I wanna live every minute so hard that I wear it thin
I wanna find the edge, risk it all to win
I wanna see those eyes in the mirror, burn with life
again

I wanna be wild, let the change begin

I wanna find the edge, risk it all, yeah
Wanna burn with life again
Wanna be wild again, I wanna be wild again, wild again
