Can't see you anymore
You're an inch out the door
Didn't know no I didn't know what I do know now
With the words we then trade
You respond and let them fade and I just won't let you
bring me down
You can see what I know and I know
Somewhere there's a sorry heart
Oh tell me why these roads keep leading
Leading you right back to me

Liar liar
Don't cry on my shoulder
You played with fire and smiled when you told her
Woah oh oh oh oh
Thought you were someone
Woah oh oh oh oh
Goodbye to no one

So break away your touch
The bliss you miss so much
But I won't tell you to come back home
Emotions disapate
With love designed to hate
Keep on driving away from here I don't reach as it falls
in your hands
Was it big enough the storm
Tell me why these roads keep leading
Leading you right back

Liar liar
Don't cry on my shoulder
You played with fire and smiled when you told her
Woah oh oh oh oh
I thought you were someone
Woah oh oh oh oh
Goodbye to no one

I don't need to know you'll be there
You're not on my mind
I don't need to know you care

Please don't waste my time

Liar liar

Don't cry on my shoulder

You played with fire and smiled when you told her

Liar liar

Don't cry on my shoulder

You played with fire and smiled when you told her

Woah oh oh oh oh

Thought you were someone

Woah oh oh oh oh goodbye to no one
