One hundred nine years since I left you fast asleep and  
bleeding  
I couldn't find you or a way to find myself in someone  
else  
But the next time this tender heart will cease it's  
beating  
The ticking clock will run out of time

I said it was over  
And I let you believe it  
But I couldn't believe it myself  
Believe it myself  
Believe it myself

Today i felt myself slide back into the shadows  
spinning  
I saw the light erupt from pockets hidden deep beneath  
the skin  
If you were with me I could relish in the sinning  
But without you  
The sin has lost the shine

I said it was over  
And I let you believe it  
But I couldn't believe it myself  
Believe it myself  
Believe it myself

Ya i said it was over  
And I bet you believed it  
But I didn't believe it myself  
Believe it myself  
Believe it myself

Perhaps if I fall fast asleep I'll find you in my dreams  
Perhaps if I fall fast asleep I'll find you somewhere in  
my dreams

But the next time this tender heart will cease its beating  
The ticking clock has run out of time

I said it was over

And I let you believe it  
But I couldn't believe it myself  
Believe it myself  
Believe it myself

Ya I said it was over  
And I bet you believed it  
But I didn't believe it myself  
Believe it myself  
Believe it myself

Perhaps if I fall fast asleep I'll find you in my dreams  
Perhaps if I fall fast asleep I'll find you waiting in my  
dreams
