"Be My Baby"

Visit "[Be My Baby](#)" on MotoLyrics.com

Be my little baby, yeah; be my baby, do
I don't need nobody else; all I need is you
To be my baby (baby I love you)
Be my little baby (baby I need you, yeah)
If you want a love that's true
Take this love I offer you; come on now
Be my baby

Be my little baby, yeah; be my special one
You will never ever cry; all you'll have is fun
If you'll be my baby (baby I love you)
Be my little baby (baby I need you, yeah)
I would treat you extra good
Just the way a lover should; come on now
Be my baby

(repeat verse 1)

Be my baby (come on baby)
Be my baby (can't you hear me call you)
Be my baby (ooo)
Be my baby (come on honey)
...& fade
