Tell me where I came to lose your love (tell me)  
Tell me, what did I do wrong?  
Was it only make believe?  
Why it lasted oh so long

Could it be that you found someone new? (Tell me)  
Am I just a memory?  
Tell me please, I have to know  
It means everything to me

I thought our love would never end  
That shows how blind love can be  
Won't you please say you care  
& bring your love back here to me?

(repeat verse 1)

Why it lasted oh so long  
Why it lasted oh so long
