Looking into your eyes I see all I want to be  
and I don't want it to end  
if I could only put to words the way I see you  
I only know I have an angel with me now

And when I fall asleep you're all that I see  
you're in my thoughts and all of my prayers  
I wish I mean all that you mean to me  
my angel with out wings, my angel

I wish you could see all that you mean to me  
but I could never find the words to tell you  
and when I fall asleep you're all that I see  
you're in my thoughts and all of my prayers  
I wish I could mean all that you mean to me

And when I fall asleep you're all that I see  
you're in my thoughts and all of my prayers  
I wish I could mean all that you mean to me  
my angel with out wings
