The kids were shouting, "Let us out!"  
And their parents did  
Then 2 years, then 3 years  
Then show's on and now, to make it rock 'n' roll

Those kids are making progress now  
They're saying, "Hear us out!"  
In every town, they do it 1 mile  
By 1 mile at a time

Though it seems like every time  
I get a little bit closer  
To what I want I land further away  
From where and when I was a little bit younger

Well, this year don't know  
How cadence goes, we say  
This parade still marches on  
Louder than it ever was

Right, left, right, c'mon  
C'mon get up and just follow that sound bow  
When streets filled with people  
Sing on and on and on through the town  
The beat goes on

The kids are yelling, "Play the song  
That I heard that once  
I don't know what it's called or how it goes  
But it's all the same to me"

The girls are screaming, "Let us in  
Because were what you want  
To solve all your problems for tonight  
Because you're just so rock 'n' roll"

Though it seems like every time  
I get a little bit closer  
To what I want I land further away  
From where and when I was a little bit younger

If you still don't know

The way we roll, we go  
This parade still marches on  
Louder than it ever was

Right, left, right, c'mon  
C'mon get up and just follow that sound bow  
Where streets filled with people  
They sing on and on and on through the town  
The beat goes on

Whoo, let's get back to sharing  
This place and the floor  
Left, right, left, c'mon  
C'mon get up and just follow that sound bow

Streets filled with people  
They sing on, on, they sing  
And on and on and on  
The beat goes on
