I got the talk when I was younger
And understood. As I recall,
they hadn't mentioned this at all
My heart was racing like a sprinter
That tripped and fell
In love with a girl just for tonight and that's all

I've got big, big plans
And they've got to mean
Something more than just once
I just don't know what I want

I'm gonna tear your ass up like we just got married
And you're all mine now
Tonight is the night we've been waiting for all our lives
Or maybe for just tonight

I got the call when I was older
Yeah and I understood
If it happens then it happens and that's all
My arms the hose and you're the fire
Out of control
And I've got put you out before there's nothing left at
all

I've got big, big plans
And they've got to mean
Something more than just once
I just don't know, I don't know
I don't know, I don't---
I don't know, I don't know
I just don't know what I want

I'm gonna tear your ass up like we just got married
And you're all mine now

Tonight is the night we've been waiting for all our lives
Or maybe for just mine
So get your ass up cause you're in no hurry
like I am now
I'm getting older and older all of the time
or maybe for just tonight

And the next part is the hardest
To admit and explain but I've got to get it right
She said "I'll chew you up and spit you out like all them.
I'm gonna put you right back in my mouth
You're gonna stay like that for now
I will always love you"

I said I tore your ass up like we just got married
And you're all mine now
'Cause tonight is the night we've been waiting for all
our lives
Or maybe its just:
You've gotta get your ass up cause you're in no hurry
Like I am now
I'm getting older and older all of the time
Let's go one more time

I'm gonna tear your ass up like we just got married
And you're all mine now
Tonight is the night we've been waiting for all our lives
Or maybe it's just mine
Over tonight
Yeah yeah yeah
