I wrote a note to my future ghost
Quoting words I've spoke
And that I meant only half the time

Now I only speak between grinding teeth
And my constant sleep
?Cause that's the pace that I've got to go

So run along ?cause you'd best
Be on your way

Don't worry, just hurry
?Cause you have got a lot to lose here
But I'm catching up on that lost sleep
Do I have a lot to lose

I am a man with my task at hand
And my swollen glands
And just a couple of days to go

Until I'm on a stage with my voice and bass
And all my choices made
And all the places I've got to go

So run along ?cause you'd best
Be on your way

Don't worry, just hurry
?Cause you have got a lot to lose here
But I'm catching up on that lost sleep
Do I have a lot to lose

Don't you worry, just hurry
?Cause you have got a lot to lose here
But I'm catching up on that lost sleep
Do I have a lot to lose

So run along ?cause you'd best
Be on your way
Well, run along ?cause you?d best
Be on your way, well, hey, hey, hey

Now don't you worry, just hurry
?Cause you have got a lot to lose here
But I'm catching up on that lost sleep
Do I have a lot to lose

Don't you worry, just hurry
?Cause you have got a lot to lose here
But I'm catching up on that lost sleep
Do I have a lot to lose
