So it's safe to say that we've been here before;  
Heart torn out, down for the count and still come back  
for more.

This lesson is learned too well.

Though only unlearned by the time your wounds have  
healed.

Have you had enough?

I guess not 'cause your lips are stuck to his.

Time to say enough is enough,  
you'd be so better off.

You love him but tough because it's not coming back  
from him.

You can't win.

Stop expecting change,

he's just a lost cause that you're waiting on.

Take a look around,  
you could have anyone.

So leave undeserving him.

It only hurts at first.

But then you'll find someone to give you everything you  
want.

Try not to go running back to him.

So it goes unsaid that we've been here before.

Lonely nights and endless fights and sleeping on the  
floor.

He's sorry, so the story goes.

It's read and replayed and ends the same way.

Stop expecting change,

he's just a lost cause that you're waiting on.

Take a look around,  
you could have anyone.

So leave undeserving him.

Stop expecting change,

he's just a lost cause that you're waiting on.

Take a look around,  
you could have anyone.

So leave undeserving him.
