So it's safe to say that we've been here before  
Heart torn out, down for the count  
And still come back for more  
This lesson is learned too well  
Though only unlearned by the time  
Your wounds have healed

Have you had enough?  
I guess not 'cause your lips are stuck to his  
Time to say, "Enough is enough"  
You'd be so better off

You love him but tough  
Because it's not coming back from him  
You can't win

Stop expecting change  
He's just a lost 'cause that you're waiting on  
Take a look around, you could have anyone  
So leave undeserving him

It only hurts at first  
But then you'll find someone  
To give you everything you want  
Try not to go running back to him

So it goes unsaid that we've been here before  
Lonely nights and endless fights  
And sleeping on the floor  
He's sorry, so the story goes  
It's read and replayed and ends the same way

Stop expecting change  
He's just a lost 'cause that you're waiting on  
Take a look around, you could have anyone  
So leave undeserving him

Stop expecting change  
He's just a lost 'cause that you're waiting on  
Take a look around, you could have anyone  
So leave undeserving him
