Take another hundred names and put 'em on a list  
And curse yourself for ever watching it  
I'm looking to have to see it to the end  
Cause the fastest rat is always gonna win

You've gotta know to hustle to make it in this town  
Cause competition stiffens every night  
Take another hundred and put it in her hand  
Present the prize and not the ambulance

You've got a certain spark,  
You've got to show it off  
What are you waiting for?  
They've been expecting you  
I've got the brightest spark,  
Don't let them blow it out  
What are you waiting for?  
They've been expecting your call

She walks on red carpets all the time  
In my eyes  
Others will scoff at her clothes coming off  
they will talk, let 'em talk  
Because you're giving them just what they want

Harder than a drama, softer than a porn  
Oh come on, fill that purse a little more  
You've got something special  
Put it on the air  
Humiliation pays well by the chair  
You've got a certain spark  
You've got to show it off  
What are you waiting for?  
They've been expecting you  
What have you been waiting for?  
They've been expecting your call

She walks on red carpets all the time  
In my eyes  
Others will scoff at her clothes coming off  
they will talk, let 'em talk  
Because you're giving them just what they want

(Giving them just what they want)  
Yeah, you're giving them just what they want

He'll do most anything  
You'll do most anything  
For the camera  
A mil for a wedding ring  
A thou for embarrassing yourself  
Keep that camera rolling baby

What are you waiting for?  
Cause we've been waiting for you  
Oh, what are you waiting for?  
They've been expecting your call

She walks on red carpets all the time  
In my eyes, in my eyes  
Others will scoff at her clothes coming off  
they will talk, let 'em talk  
Because you've given them just what they want
