Verse 1 ~VASCO DA GAMA~

Feeling good great as I ever been Ya'll a bunch of squares well I guess I'm playing checkers then I been grinding harder than that house they bringing cattle in Man I been a soldier so aye welcome to the battle bitch Pull it out the bag like it's a magic trick Break shawty off just like a carrot stick We the class of 88 yeah ni\*\*a we the flyest fish Diverse as hell and my range wider than a rhino hip Ice crazy white like an albino kid Click clak click clak I come to get something something gotta give She call me baby I say where the crib And if you like that ni\*\*a get him just make sure he pay the bill Mac on some Bernie shit I'm burning trick And when I'm on that lean well you can say I'm in my turtle shift Man I do more than just earn a strip I get on mics and let it rip the dj just wont let it skip... Speedy!

Verse 2 ~ZEWM~

My flows are endless they'll take you far as you think you go

All you ni\*\*as green I go super saiyan you go Piccolo Fake friends play they roles worser than actors on "That 70's Show"

It's just one in the chamber should I cock it back and let it go

Speedy told me to kill it so I'm gone murk this shit Get stuck in your brain like you rehearsed it quick Squeeze the life out the trigger got it looking purplish I deliver like I work at food services

But I don't but I will if I'm receiving pay for it All the stuff you seen with me I might not had to slave for it But all the stuff you seen with me hell I'll go to the grave for it So if one of you ni\*\*as try to take my shit you gone end up getting slade for it I'm going in like the streetlights on Outspoken like a megaphone Superhead give me mega dome But let me leave that alone I'm gone back home my thrown my own I shown myself full blown like a candle with no fire or nerds with trombones Got your girl dripping like the bottom of a ice cream cone I be in the trap like the villains off of "Home Alone" I'm bout' to take a trip to the moon so you already know I'm gone
