Your pedestal is falling down, falling down, falling  
down  
Your pedestal is falling down, da da da da da da da da  
da da

[Verse 1:]

Record sales are on the mark  
'cause that's about the time the rumors start  
Where all the people talking out of their ass  
Well, someone's gotta school ya cause ya got no class  
Well I've paid my dues  
I'm a seasoned dame  
So why you gotta throw salt in my game  
You hide behind the computer screens so that you  
don't have to be seen  
How could a person be so mean

[chorus:]

Who are you-and what do you do  
That makes you think you're above me  
But have you walked in my shoes  
The pedestal  
You put yourself on  
Well since I'm breaking it down now  
It's gon collapse and be gone-gone-gone-gone-gone

Probably one of them tag a longs down 4 the free t-  
shirt  
'cause you're a hanger on  
You think you got me figured out  
Never met me have no clue what I'm about  
Maybe I got things you wish you had  
You need to stop the hate and get a pen and pad  
I work around the clock, so fill your mouth up with a  
sock  
And get you head up off your jock  
Tell me who you are and what your background is  
Tell me how you're feelin' when you listen to this

[chorus]

[Bridge:]

Your pedestal is falling down, falling down, falling  
down

Your pedestal is falling down, dum dum dum dum

Your pedestal is falling down, falling down, falling  
down

Your pedestal is falling down, da da da da da da da da  
da da da

Tell me who you are and what your background is

Tell me how you're feelin' when you listen to this

You think I don't see you on the internet, I read it, don't  
think I wont forget

[chorus x2]
