Is it so hard for you to turn around
And make the right decisions you never even
attempted to try?
Some people go their whole lives
Without changing or rearranging

Is it so hard to be your self?
Is it something you can't do?
Somehow we have managed to
Over look that point of view

Quit all your bitching I wont let it phase me
Your lazy and smoked out and so complicated
Some people go their whole lives without changing
Inside they're screaming for some rearranging

Is it so hard to be your self?
Is it something you can't do?
Somehow we have managed to
Over look that point of view

And I don't want any changes
And I don't want any changes
And I don't want any changes
And I don't want any changes, lets go
And I don't want any changes
And I don't want any changes
And I don't want any changes

And time was never on your side, how could you move
on?
You tried to leave it all behind, you left me there alone
And every time I close my eyes, I'm living with myself
And still you need me and I cant help

Is it so hard to be your self?
Is it something you can't do?
Somehow we have managed to
Over look that point of view

And I don't want any changes
And I don't want any changes

And I don't want any changes
And I don't want any changes, lets go
And I don't want any changes
And I don't want any changes
And I don't want any changes
