Same street, I feel I'm going down it again
I need to leave it all behind me, but when?
You say, "I'm never gonna be that way"
You lied, you tried, you cried too

Same day, I wake up and I'm back here again
Same face despising my reflection again
You say, "I'm never gonna be that way"
You lied, you tried, you cried, too

And still I'm waiting for my graduation baby
I know I'm strong now but you're the only one
That keeps me hating me

I need to leave, I need to leave it all behind forever
I need to be, I need to be just what I've always wanted
You and me, you and me, you know we're going
nowhere
I gotta learn to say goodbye

Same book but we're gonna read it again
That day I saw you walking out with him
No way it'll ever be the same within
My pride my pain inside and

Same shit but I'm gettin' used to it
Hoping for something that I'll never get
No way I could ever forgive or forget
My pride my pain inside and

And still I'm waiting for my graduation baby
I know I'm strong now but you're the only one
That keeps me hating me

I need to leave, I need to leave it all behind forever
I need to be, I need to be just what I've always wanted
You and me, you and me, you know we're going
nowhere
I gotta learn to say goodbye

I wish that I could run away forever
Go someplace so far away from here

Remember when you told me now or never?
Well, I don't care

And still I'm waiting for my graduation baby
I know I'm strong now but you're the only one
That keeps me hating me

I need to leave, I need to leave it all behind forever
I need to be, I need to be just what I've always wanted
You and me, you and me, you know we're going
nowhere
I gotta learn to say goodbye

Goodbye
