Pops keep telling me to clean my room up
But my concerned about you
My job keeps caling me to come in tonight
But I'd rather be here with you
They said dont be scared lay her on her back
Grab her pretty hair
They said dont be scared lay her on her back
and gently put it in

Fuck the bullshit I am conceited
look what he did I can do it to
I am gonna grab my board and go downtown
and skate it out for a little while
well I got a fat lip 'cause ya hit me last night
I am alright
a bowl of honeycombs will make me feel much better

and all we need is a some weed and eachother
your touching me there again
she said dont mind that guy today
all we are is friends
but i'll let you put it in

Fuck the bullshit i am conceited
look what he did i can to
i am gonna grab my board and go downtown
and skate it out for a little while
well i got a fat lip 'cause ya hit me last night
i am alright
a bowl of honeycombs will make me feel much better

Dont worry about money and dont worry about cars
dont worry about grown up to be a star
Dont worry about money and dont worry about cars
dont worry about grown up to be a star
She layin' on her back

Just put it in
just put it in
Just put it in
just put it in

Just put it in
just put it in

Fuck the bullshit i am conceited
look what he did i can to
i am gonna grab my board and go downtown
and skate it out for a little while
well i got a fat lip 'cause ya hit me last night
i am alright
a bowl of honeycombs will make me feel much better
