

Zhi-Vago "Dreamer"

Visit "[Dreamer](#)" on MotoLyrics.com

I just have a dream

A dream of love and passion

We walk through a land

A land of insinuation

The sun will always shine

And dream has come together

We Forever and forever

Spread your dream of love

And fly with me to heaven

Dreams come true

Cause your dream is the key to reality

You've got to be a dreamer

Time is on all sides

You and me forever

Feels like paradise

I want it no never
