Happy in love, ho-ho, what a feeling;
You're never, never, never, happy
till you're really, really, really happy in love.
Nothing on earth can give you that feeling,
Yo may be silly, silly, sappy
But oh, baby, baby, you're so happy in love.
You want everybody to know it;
You'd like to get up on the highest steeple,
Shout to people, happy in love
The sky is your ceiling
You're lucky, lucky, lucky, chappie
It's great to be living when you're happy in love
