I did not know but
Someone died in my sleep last night
I tried to reach the phone
But in the darkness i knocked over the light
And can you speak up
A semi just jack knifed on the turnpike
I'm on a pay phone
And it's gettin' to be a cold cold night

Cause there's
One man in the corner one man in the hall
One man standin' up sayin' god save us all
One man in the corner one man in the hall
One man standin' up sayin' god save us all
One man in the one man in the one man in demand
In the man in the hall

She was tellin' me not to worry, that it's all in my head
Said no ma don't want to go to sleep no not quite yet
Cause there seems to be somethin' and i can't put it all
to bed
Don't wanna go to sleep ma don't wanna go to sleep
ma
Don't ever never want to go to sleep

Cause there's
One man in the corner one man in the hall
One man standin' up sayin' god save us all
One man in the corner one man in the hall
One man standin' up sayin' god save us all
One man in the one man in the one man in demand
In the man in the

Have you not seen the woman that belonged to this one
She was overcome thinking about the role of the side
you on
Have you not seen the woman that belong to this one
She was uptight thinking about the role of
The side you on side you on side you on side you on
What side you on

One man in the corner one man in the hall
One man standin' up sayin' god save us all

Cause there's
One man in the corner one man in the hall
One man standin' up sayin' god save us all
One man in the one man in the one man in demand
In the man in the hall
