Closer, she smiles telling me not to worry  
I said I didn't know and I don't now  
But I won't let you fall if you come down  
Oh she was waiting  
On the wine dark sea with skinny lips of salt  
Better to give to thee, then to all the senators in the hall

And we all for knowing  
All that we never know  
We're all for knowing  
All that we never know

Well the suitors been complaining, it's a bitter taste of  
man  
I seen them eating and drinking and vying for her hand  
(some can hardly stand)  
I seen her walking too up the widow's walk  
I tell her to keep it on I tell her don't give up  
'Cause I swear that he's coming  
Just wait a little more time

There's been a dead reckoning with the government  
And they think they know the plan  
They're drawing all their lots to see who's the better  
man  
And then the winner come and grabs her in stride  
Takes her to bed and makes her their bride  
But I reckon he gonna come home and see you makin'  
it with his wife

I've seen the blood escaping man  
Do not overlook him if you can  
I've seen the blood escaping man  
Do not over look him  
In her heart she hold the candle  
That guides her through the night

She came to me in secret and whispered at first light  
Please madame for all your beauty it's not me you want  
-I saw a bum in town who's body it leaves no blood  
Today as the suitors come there's a ragged beggar

behind

I'd love to be your lover but there's a ragged beggar  
behind

I've seen the blood escaping man  
Do not overlook him if you can  
I've seen the blood escaping man  
Do not overlook him in your heart  
You hold the light that leads you  
Underneath the rags  
It is your man
