Got Sun down at castle island
Summer spinnin its finest gold
They were selling and we were buying
Just looking for someone to hold

Another fit Another fight I never saw you blink
Weaving up against the crab apples slingshot sting
I got my trash can lit on my wing
Were the knights of the round table are

I was working on the strait and narrow
You came at me like a cannon ball
I saw you sleeping at the city stables
You made me feel on a ten feet tall

The coming of the
Coming fall, the rules and the cops and the cold and all
All together and together we fall through the crash of
the city street
Ya through the crash of the city street

Thats right sit strait and listen up
We are the knights of bostonia
We, we tell the court you tell the king
We aint listen to you no more
We are the knights of bostonia
Only you can set you free

I would follow you out of the city
Up down out to salmen hill
Dark man says the waters ganna kill me
That and that of sitten still

The coming of the
Coming fall, the rules and the cops and the cold and all
All together and together we fall through the crash of
the city street
Ya through the crash of the city street

Thats right sit strait and listen up
We are the knights of bostonia
We, we tell the court you tell the king

We aint listen to you no more
We are the knights of bostonia
Only you can set you free

Another fit Another fight I never saw you blink
Weaving up against the crab apples slingshot sting
I got my trash can lit on my wing
Were the knights of the round table are
And well fight the coming fall

So sit strait and listen up
We are the knights of bostonia
We, we tell the court you tell the king
We aint listen to you no more
We are the knights of bostonia
Only you can set you free

Yes thats nice the innocent streak
Fist of fight and the summer of kill
We are the knights of the gunk yard raid
A trusty steed and a summer of safe
We are the knights of bostonia
Together we are the knights of bostonia
Together we are the knights of bostonia
Together we are the knights of bostonia
