We all fall down
We all fall down
We all fall down
Till we build this one high enough
We all fall down
We all fall down

Bring you my sugar beet wine
Bring you my sugar beet wine

Saw the water down below
I was terrified
You told me to go
To the boss so I was notified
We all fall down
We all fall down
We all fall down
Till we build this one high enough

Bring you my sugarbeet wine
My sugar beet wine

Saw the water down below
I was terrified
You told me to go
To the boss so I was notified
And we all fall down
We all fall down
We all fall down
Till we build this one high enough

We all fall down
We all fall down
We all fall down
Till we build this one high enough

So I'm leaving this bridge
For the endless mountains
Told me where to go where the air was good
and get some land
Oh, my friend you've been nothing but kindness

Told me I gotta get out while I can, while I can

Someday, I'll have a vineyard
And I'll come look for you

I'll bring you my sugarbeet wine

'Cause we done lost, we done lost
Too much time, too much time
