And the waitress is sliding down the wall
Don't ask her where she falls
Surely it'll happen again
And the pay phone is swinging against the wall
Don't ask her 'bout the call
She's just trying to forget

I oh ee ay
oh oh oh
I oh ee ay
oh oh oh

And the manager was yelling
Something about her hair being in her face
Customer complainin'
But he really had no case
And the counterqueens looked up from their
magazines
But she goes and stares straight ahead

Today when the door opens
the rain slants in
There's water all over the floor
Busser waves to the meter maid
Who don't wave back no more

I oh ee ay
Oh oh oh
I oh ee ay
Oh oh oh

And the waitress has her back up against the wall
You can see her chest rise and fall
Surely she'll come again
And the payphone is swinging against the wall
Don't ask her 'bout the call
She's only tring to forget

Well today when the door opens
The rain slants in
There's water all over the floor

Busser waves to the meter maid
Who don't waive back no more

Today when the door opens
The rain slants in
There's water all over the floor
Busser waves to the meter maid
Who don't wave back no more

I oh ee ay
Oh oh oh
I oh ee ay
Oh oh oh
