

State Shirt "Edison's Medicine"

Visit "[Edison's Medicine](#)" on MotoLyrics.com

seven days to live
all i need is my medicine
so many ways to give
if only.

everything i saw those days
is burned into my mind
every second, every minute
draws closer to that time

hold on

what's trapped in my head
i can never tell you
words can not come out
if only.

everything i saw those days
is burned into my mind
every second, every minute
draws closer to that time

hold on

don't leave me alone
the people walk by
deformities lie
