All the time  
Coming down is all I see  
Cold day in November  
It was 1983

Wait for days  
lying on the airport seat  
holding on to your image  
for as long as I could keep

Coming down

Sky around  
Tumble down  
Bring us home  
Along the ground  
Send love to mom  
Take my place

Failure to  
See the many traps around  
the light of just one person  
one lapse and then you're gone  
Always I  
Can't feel the first impact  
we hold onto your fear  
And take your pain away

Wait for days  
lying on the airport seat  
holding on to your image  
for as long as I could keep

Coming down

Sky around  
Tumble down  
Bring us home  
Along the ground  
Send love to mom  
Take my place  
Make it safe
