Make me yours...

(Chorus)

She said "Boy, make me yours"

I said "Ooh girl, of course"

I know all about that man

You will see that I'm not like him

She said "Boy, make me yours"

I said "Ooh girl, of course"

I know that he did you wrong

I just need you to hear this song

You say for too long you've been numb

One too many times you've been hurt

One too many men stole your heart

One too many times love didn't work

It's not that easy to let your guard down

What's saying I won't betray your trust?

What's saying that I really know who you are now?

(M-m-make me yours)

How do you know i won't leave you crushed?

You really wanna play no games

You wanted me to know that right from the start

How do you know that it's not the same?

Pinky swear I won't break your heart

What if in a week I don't love you no more?

What if in a minute I see all your flaws?

How do you know it's not like before?

I just want you to make me yours

(Chorus)

I said

Girl you don't gotta worry with me

Your past ain't nothing

That we can't work through
I'm a good man, you can ask about
I'll try my best and I'll never hurt you
He's gone and I'm not him
I know what he did
And I know you been stressed
You'll see, in the time we spend
All I wanna do
Is make you feel like a princess

I really have no much to hide
I've got one door and it's open wide
If you wanna see what I got to offer
All you gotta do is take a walk inside
My thoughts and my intentions are pure
You can see all my flaws
I just want you to know for sure
I just want you to make me yours

(Chorus)

Yours

Make me yours...
