So child, we have to see this through
The choking has you foaming at the mouth
Our bodies convulsing on the floor
Like a fish out of water, the price of wanting more

Epilepsy seems, seems safe enough for me
It's alright, girl, it's alright

Contagious, contagious as this seems
And girl, you're catching on to me
Shut down, shut down, break away
And this is slightly what it's meant to be
The perfect line, the perfect time when our bodies align

A pale smile struggles behind tears
While passion meets you striking at your face
Instantly we bottle our feelings
So tell me why are you crying? The price for wanting
more

But then again it seems you're safe enough for me
It's alright, girl, it's alright

Contagious, contagious as this seems
And girl, you're catching on to me
Shut down, shut down, break away
And this is slightly what it's meant to be
The perfect line, the perfect time when our bodies align

What defines this man, what defines this man?
Finding space in lovers' hands

Is this what it seems to be?
Who said this lasts forever?
Is this what it seems to be?
Who said this lasts forever?

Is this what it seems to be?
Who said this lasts forever?
Is this what it seems to be?
Who said this lasts forever?

Is this what it seems to be?
Who said this lasts forever?
Who said this lasts forever?
Who said this lasts forever?

Contagious, contagious as this seems
And girl, you're catching on to me
Shut down, shut down, break away
And this is slightly what it's meant to be
The perfect line, the perfect time when our bodies align

Contagious, contagious
Contagious, contagious
Contagious when our bodies align
Contagious
