

A Static Lullaby "Godbless You"

Visit "[Godbless You](#)" on MotoLyrics.com

Is this the end of all discretion
Has turning in left us tuning out
And so this special song
Goes out to my first all
The ocean avenue, yeah
(The ocean avenue)

And this winter will set aside our feelings
Cool it down, we'll set the standards
For the emotionless we'll raise the stakes
Cool it down, we're cooling down

Is this the end of our obsession
Saying you love them just a little too much
And so I guess that's how we got in this game
I can play this game, yeah

And this winter will set aside our feelings
Cool it down, we'll set the standards
For the emotionless we'll raise the stakes
Cool it down, we're cooling down

Mutilation (mutilation)
Mutilation (mutilation)
Mutilation (mutilation)
Mutilation (mutilation)

And this winter will set aside our feelings
Cool it down, we'll set the standards
For the emotionless we'll raise the stakes
Cool it down, we're cooling down

And this winter will set aside our feelings
Cool it down, we'll set the standards
For the emotionless we'll raise the stakes
Cool it down, we're cooling down

To help the storm in us
We have no spine or scent
We treat to the openless
We're all spent
So deep in setting up

With our hands held so high
The snow soon begins to bleed
And who's to blame?
