We'll light up the segway
We'll load them up and ship them out
Out!
Out!

Tonight this poet dies
It isn't closed spoken
It's his last word
His thoughts were left in fiction
His hope for substance
Had faded long ago

You and I both need to know
(if we fall, you die, we die and so it goes)
Stand there, out to get us get us now
(if we fall, you die, we die)

Tonight the candle was left burning
And a shred of dignity is lost within the flame
And his fears were left unmentioned
His cry for silence had faded long ago

You and I both need to know
(if we fall, you die, we die and so it goes)
Stand there, out to get us get us now
(if we fall, you die, we die)
They're out to get us now

Tonight this poet dies
Tonight this poet dies
Tonight, tonight, tonight

You and I both need to know
(if we fall, you die, we die and so it goes)
Stand there, out to get us get us now
(if we fall, you die, we die)

We'll light up the segway
We'll load them up and ship them out
Out!
Out!
