Don't judge me now
I've got a brand new look
I'm coming out
I'm seeing faces turn around
I can't look back I can't look down
Perceptions are a plus this time but nobody knows it
Nobody knows I don't live for tomorrow but I live for the
now

Who would have thought this time you feed me lies
Oh how I tried to sway your misconceptions from a
running start
You stopped my heart
I told you how I wanted things
You let me down you let me down
And judging by the looks of this you put it off

Your lies a fire put it out the ambers glow
I have no doubt the heat beneath us keeps us warm
Your words are like a perfect storm

Don't judge me now
I've got a brand new look
I'm coming out
I'm seeing faces turn around
I can't look back I can't look down
Perceptions are a plus this time but nobody knows it
Nobody knows it I don't live for tomorrow but I live for
the now
