

A Static Lullaby

"Love to Hate, Hate to Me"

Read the tale of my desire
Never walked away
A book of hate
Never exhale
1000 volts
I never walked away
For every smile you gave me
Never exhale

As your eyes close
I'll bring before the sight of true unhappiness
Whisper I care
Then gracious enough to let you go
Remember me for the times I ruined you
Not I made you smile
Take this blade to my wrist
Help me end what makes you ugly
Swimming in the pools of my mind
You come to me at night
Leave me black and save yourself

Never walked away
A book of hate
Never exhale
1000 volts
I never walked away
For every smile you gave me
Never exhale

The story prolongs
With each word my stomach starts to turn
I have swallowed nails
So I can never say your name
Now words are heard through my eyes

Take this blade to my wrist
Help me end what makes you ugly
Swimming in the pools of my mind
You come to me at night
Leave me black and save yourself

Can you see the fire that burns from my heart

This song is for you
So perfect
It's my fault I can't sleep cause you're on my mind
I have made an attempt to have you

Light up this cigarette
Tonight I will sleep with the gun in my mouth
Goodbye my love
