If you're going to take this out on me
Then look around and see who's here
And plea your case to me your right I'm wrong that's
how it is
I'm going back to broken standards by your mind so
indecisive
And your thoughts so contradictive of her heart that's
mine

Broken glass and used up tissues
All remains from the war they had last night
But we didn't let it get to us
Too close too far
It's sad we're going back to broken standards by your
mind so indecisive
And your thoughts so contradictive of her heart that's
mine

When I had my doubts about her
I had never second-guessed we would be together now
when we first met
If accepting is not an option then I'll have to leave
This time I'll be back before you know it when you
change your mind

I'll never lie I've got the proof
I'll be sincere I'll tell the truth
When sunset falls I'll be there too
I'll lie in bed with only you and with you
I am not content instead I'm taken by her scent of
beauty and maturity
Things leading up to future dreams
