Signing off in revelations
The end is far past the hour
Falling fast through a concrete passage
Down, down, down

These questions will
My question will
These questions will
My question, "Will I find her?"

That kiss so sweet, sweet, sweet
That body lies so gently down

As heaven weeps without her
Now heaven weeps without her
As heaven weeps without her now

Do what this beggar pleads and bury me, bury me
Do what this beggar pleads
Do what this beggar pleads and bury me, bury me
Sure, she's the one and I'll search forever

Latch onto the souls of these cliffs
Ask the damned to lend a hand
That body lies so gently down

As heaven weeps without her
Now heaven weeps without her
As heaven weeps without her now

Do what this beggar pleads and bury me, bury me
Do what this beggar pleads
Do what this beggar pleads and bury me, bury me
She's the one, so I'll search forever

As heaven weeps without her now
As heaven without her now
As heaven weeps without her
As heaven weeps without her now
Salvation returns as I'm coming undone

Unlock your heart, love

And please remind yourself
That breathing's not the same
Since I take in air for you
And I'm pulling fucking through

Do what this beggar pleads and bury me, bury me
Do what this beggar pleads
Do what this beggar pleads and bury me, bury me
So she's the one and I'll search forever
