The wolves are coming out tonight  
Don't say you heard this coming  
The wolves are coming out tonight  
Oh boy, you best be running

They say they saw her on the streets  
They say they saw her on her knees  
I hear there's been more to offer  
Then the scent under her dress

We've been sharing lovers for far too long  
This isn't a last goodnight  
And we'll be sleeping  
'Til our bodies have run cold again  
But you're just that suitable

For most to lay their hands upon  
But you've made this just so simple  
It's like playing doctor with the dead  
They just might say you're the best they ever had

I'm not afraid, I loved something once  
Are we fighting for something?  
We can't save them all  
I can't believe we let this one go  
(I'm gone)

And I'll be making headlines if they find no bodies  
As I attempt to erase the past  
This is the moment where true passion is moving on  
And I respect your dedication

This is the art of sharing lovers  
This is the art of sharing lovers

I'm not afraid, I loved something once  
Are we fighting for something?  
We can't save them all  
I can't believe we let this one go  
(I'm gone)

I have swam in the pools of your past

Through the tides of lies running through your hair  
And since I reached shore  
It seems I've been washed clean  
Leaving you is purity

I'm not afraid, I loved something once  
Are we fighting for something?  
We can't save them all  
I can't believe we let this one go  
(I'm gone)

You're gone
