

## **A Static Lullaby "The Pledge"**

Visit "[The Pledge](#)" on MotoLyrics.com

I pillaged your fairytale  
I've scattered the seas to find a reason why  
My whiskey tongue leaves sweaty palms  
On a sawed off way to say I own the night  
Keep your women and children inside, he's looking for  
a good time  
[X2]

Here lie my darkest passengers  
Embodied in my mind is where they all reside  
Here lie my darkest passengers  
They lie awake tonight until she's put to rest

In search of a sailor, the headlines have said  
This man is a monster, a vermin at best  
You don't give a fuck that I'm a rat  
Give a fuck that I'm a rat

Here lie my darkest passengers  
Embodied in my mind is where they all reside  
Here lie my darkest passengers  
They lie awake tonight until she's put to rest

So bundle up and wrap up tight  
My blade the chill in your fright  
I'm just a man but I brought a legion of pain  
Don't make me, don't make me  
I'm feeling a lovers query

Please take my hand, your body's cold and I still see  
her face  
Please understand, I'm giving back  
They'll find true love in your loss  
And you can be a part of this  
And I can be a part of this  
You don't give a fuck that I'm a rat  
I'm just giving back

True passion a sadistic fiend  
Revolver and the lives we lead  
So rope me up or take me in  
This always starts it never ends

I'm living dead

Here lie my darkest passengers  
Embodied in my mind is where they all reside  
Here lie my darkest passengers  
They lie awake tonight until she's put to rest
