You can hide around the corner
Sleepin with your spies
Think your better going?
Keep ya toes on the line with style

Huuuhu

You can sleep with one eye open
Secret from afar
I hear you got some new clothes
I even hear you got a new car

Huuuhu

Well you can keep our life
And get far far back
Cos you're waiting for the moment
To strike you back
Sit around now out off my head
Oh it's all about the pictures
And you took revenge

Always right behind you (x4)

I heard you turned to music
Got a new set of friends
A new kind of business
You've even got money to spend

Huuuhu

Well it ain't about the money
It's all your bum lies
It's all about the fact
That you're leaving me high and dry

Aahaaa

Well you can keep our love
And get far far back
Cos you're waiting for the moment

To strike you back
Sit around a bottle
And out my head
Oh it's all about the pictures
And you took revenge

Always right behind you (x4)

Always right behind you (x4)

Always right behind you (x8)
