I'm a road runner honey

Cause the road runner honey  
Baby that's all I am to you  
Yeah the road runner honey  
Now I know that, that's true  
Move over baby, I'm going to drive  
Oh, oh

Cause the road runner honey  
Baby that's all I am to you  
Yeah the road runner honey

Now I can see that it's true  
No  
Move over baby, I'm going to drive  
No

Cause the road runner honey  
Baby that's all I am to you  
Yeah the road runner honey  
Now I can see that, that's true  
Move over baby, I'm going to drive
