"Tell Me Something"

Iâ€™m angry, Iâ€™m mad
Iâ€™ve lost everything I had
No oneâ€™s a liar, no oneâ€™s a thief
Thatâ€™s what you want me to believe

Tell me something I want to hear
Tell me something I want to hear
Tell me something tell me something

How many times do I have to prove to you
Who I am now?
â€šcoz everytime when I get up
Youâ€™re pushing me back down, back down

Tell me something I want to hear
Tell me something I want to hear
Tll me something, tell me something
