Visit "[Darker Than Grey](#)" on [MotoLyrics.com](https://MotoLyrics.com)

The shadows that lay on your bed  
held the light at bay  
They only seemed paint a wicked sort of picture  
just a shade darker than grey

You don't want to be  
your worst enemy  
The world at time  
seems darker than grey

You don't want to be  
a distant memory  
The world at time  
seems darker than grey

The birds seemed to say, "lets fly away"  
the light outside hurt your eyes  
When the animals were left to play  
the beasts became the prey  
You don't want to be  
your worst enemy  
The world at time  
seems darker than grey

You don't want to be  
a distant memory  
The world at time  
seems darker than grey

.....just a shade darker than grey

You don't want to be  
your worst enemy  
The world at time  
seems darker than grey

try to remember  
tomorrow brings a brand new day  
and it won't be as grey
