I let, let my hand slip  
past your lips...falling down  
you left your warm breath  
on my finger tips  
i see you...falling down

even though  
they refuse to tell you so  
you lie here waiting for my return  
IÂ'm not able to show you  
all I want is to hold you  
I want you to see who i am...

you feel the pain you want to go home  
i walk these halls all alone  
the chemicals take away the pain  
but you won't ever be the same  
through these walls i walk alone

even though itÂ's impossible to know  
my touch is cold and I can't let go  
when your breath leaves you

I will finally hold you  
life is a gamble you refuse to lose

you feel the pain you want to go home  
....I walk these halls because i have to  
I walk these halls all alone  
....you walk these halls because you have to  
the chemicals take away the pain  
but you won't ever be the same  
through these walls i walk alone

you feel the pain.....

you feel the pain you want to go home  
.....this is more I should ever know  
I walk these halls all alone  
the chemicals take away the pain  
but you won't ever be the same  
through these walls I walk alone
