You found the tattered note he left on the kitchen floor  
yes you did  
Managed to say it all what he couldn't say before  
You fell to your knees but you couldn't pray anymore  
its not what he was like or what he was before

He was the light when the darkness came  
held on tight and didn't let go  
He took the pain  
held on so tight but couldn't let it go

Something needs to change you know deep down  
everyone keeps there feelings locked far away  
You say to yourself why not be what your going to be  
today  
why not today

He was the light when the darkness came  
held on tight and didn't let go  
He took the pain  
...took the pain away  
held on so tight but couldn't let it go  
I couldn't let it go I just tried to let it go  
I don't know what to do

I was there for you until the sunlight lost it's rays  
something in your eyes had torn me away

I was there for you until the sunlight lost it's rays  
something in your eyes had torn me away

...it kept on tearing me away

i found myself but lost my way to my dismay

I was there for you until the sunlight lost it's rays  
something in your eyes had torn me away

He was the light. He took the pain

Oh, please don't go , please don't go anymore

You found yourself but lost your way to his dismay
