Just another night  
Stayin' up late  
Tryin' to figure out  
How to concentrate  
On other things  
That once seem so small  
But now-a-days  
I can't seem to recall

But it's alright  
I like this new direction  
And I don't mind  
I don't the distraction

Cuz I just want you know  
You're a part of me  
And I just wanted to show  
How much you mean  
And I would give you my world  
If you ask it of me  
Finally ready to go  
From this crossroads

Just another night  
In the park  
And welcome company  
Is your love and charm  
It seems I've lost  
All ability to breathe  
I need to remind myself  
To even breathe

But it's alright  
I like this new direction  
And I don't mind  
I don't the distraction

Cuz I just want you know  
You're a part of me  
And I just wanted to show  
How much you mean  
And I would give you my world

If you ask it of me  
Finally ready to go  
From this crossroads

And I just want you to know  
You're a part of me  
And I just wanted to show  
How much you mean  
I would give you my world  
If you ask it of me  
Finally ready to go  
From these crossroads

From these crossroads...
