"Human Herd"

Visit "[Human Herd](#)" on MotoLyrics.com

Slight part... of human species
Member proud... of human herd
Mental weak potential
Weak brain resource
Worthless for public weal

Dumb attempts... to look pompous
Naive hopes... to look serious
No sense of humor
The narrow views
Blind striving for... material values

The lack of personal... opinion
Just repeat... what others say
Stupid fashion victims
Poor speech and thoughts
Fear of standing out against a crowd

Dumb attempts... to look pompous

Naive hopes... to look serious
Without sense of humor
Brainless fools
Full dependence for... society's views

Pre-Chorus:

You're feeble, you look unsure
You're worthless - the philistine's you
Mentally deficient, full confidence in self
Your path is simple; you do feel well

Chorus:

Human Herd, disowning their true meaning
Confidence don't deserve
Disposition to absurd... solid, grave, pathetic
Faceless sheep crowd
